Assignment 2.4

My portfolio will be composed of a dynamic scroll, minimalistic webpage that details my experience, skills and some interesting information about me. I want to have a common aesthetic theme that wraps the entire site together visually.

A simple, usable interface. Dynamic elements will include clicking on a client testimonial, taking a customer to a website, as well as button that will generate a contact me form to be submitted to me.

Color Schemes Ideas:

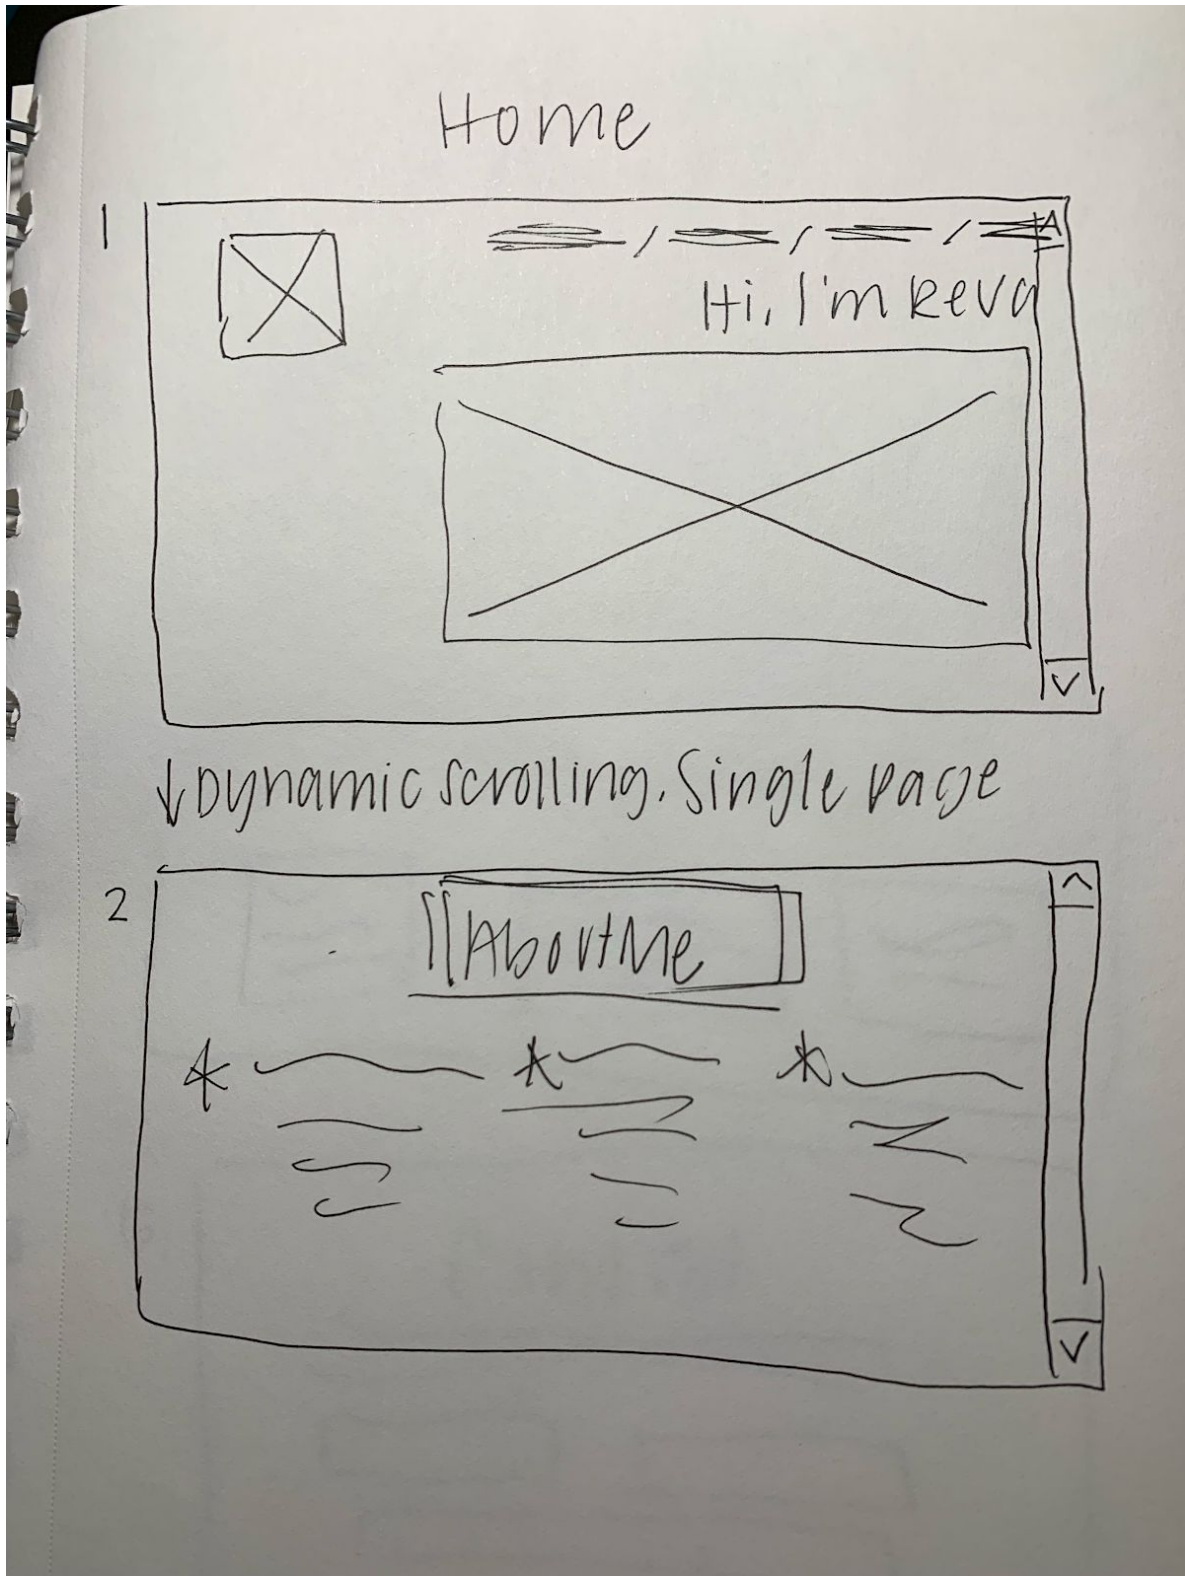

Cool theme, with blues and greens. A neutral, gray background with bright accents will help the site to stand out.
